

Wraparound Care is available for all year groups, providing a happy, home-from-home environment where children can relax after the school day.

Children choose how they spend their time—whether that's getting creative with Hama beads, bracelet making and drawing, building with construction toys, enjoying small-world play, creating cosy blanket forts, reading, or simply spending time with friends.

On Fridays, children can also enjoy our popular Film Club, with popcorn and a family-friendly film shown over several weeks, making it the perfect way to unwind at the end of the week. It's a safe, welcoming and nurturing environment where every child can find something they enjoy.
